A Few of the Fleet

Beryl – 15t 4 wheel drive

Minnie – our mini-jack-up

Little Jack - anywhere

2012 was another great year for IGS

We sponsored 4 Aussie conferences, including 9YPGC. We also attended ISC'4 in Brazil, to which we sponsored a young geo-professional.

Nine Aussies at ISC'4
Michael O'Rourke, Allan, Robert Harrington, Russell Vincenzi

Where we worked in 2012

- Logan
- Hope Island
- Mt Thorley Mine
- Corinda
- Tintenbar
- Goodna
- Blakey's Crossing
- Townsville
- Cloncurry (GAO)
- Birtinya
- Kemblawarra

We built two great new go-anywhere rigs.

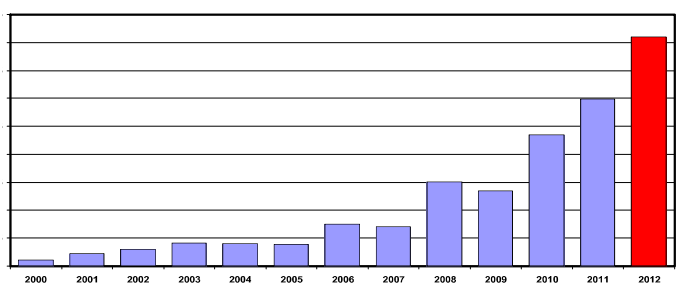

We introduced five new samplers (phew!!).

with these we can sample almost anything

We grew our business by 37% (~550% in 5 yrs)

we had 74 new projects

Happy New Year & thanks to all our clients and friends.

reducing geotechnical uncertainty
