Policy Statement

Socially Responsible Procurement Policy

IGS acknowledges that we have a social responsibility to treat every human with dignity and respect.

Insitu Geotech Services Pty Ltd is an Australian owned specialist in situ testing service provider operating in Australia and South East Asia. The company is committed to procuring our goods and services in a manner that safe guards human rights, supports measures that eliminate the exploitation of vulnerable people and reflects the company's social responsibilities.

The objectives of the IGS Socially Responsible Procurement Policy are:

- To create and adhere to a culture of high ethical standards, including compliance with the applicable laws in Australia and other countries we conduct work in.
- Implement a Modern Slavery Management System that enables the company and employees to comply with Modern Slavery Act.
- Assess key suppliers and service providers to ensure that they comply with Australian Modern Slavery Legislation
- Implement procurement processes that preference and support Australian made and locally owned businesses.
- Be mindful and supportive of federal, state government and business initiatives to achieve improved indigenous participation in the geotechnical engineering industry.
- Provide support to vulnerable people through sponsorship of a recognised charity services.
- Regularly consult and communicate with employees regarding appropriate procurement decision making.
- To prohibit the giving, receiving, offering, promising, requesting or authorising of a bribe or facilitation payment
- Report, investigate and learn from all inappropriate procurement process breaches and events which occur within the work place
- Encourage our employees to report, investigate and learn from all inappropriate procurement process breaches and events which occur within the work place
